

National Investigation Agency

Ministry of Home Affairs, Govt. of India

It has come to notice that certain misleading messages purportedly issued by NIA are being circulated on various social media platforms. Everyone is hereby informed that NIA has not issued any such message. Such messages are totally fake and malicious and are part of a mischievous design to mislead the public.

During investigations by the NIA last year, it had come to notice that IS (Islamic State) was targeting gullible youth and radicalizing them through false propaganda to further its violent designs. Accordingly, an appeal was made in September 2021 that any such suspicious activity may be reported to the authorities, including the NIA, on its landline number: 011-24368800.

We appeal to the people not be misled by such fake and false messaging. However, they are most welcome to join hands with the NIA in safeguarding our country and its people against terrorism by sharing information about terrorist activities and elements.

ANI @ANI
National Investigation Agency (NIA) has issued a hotline number -011-24368800- to lodge complaint against people propagating ISIS ideology on social media or trying to radicalise youth.

Any gehadi if he is saying "Sartan se juda" or talking against Hindus to murder them or issuing threats...
Inform NIA on HOTLINE
Ask them to Give you their email id:
In the mail id send them
* Post screenshot
* Link of the post
* Link of the person who posted

If the threat is issued on whatsapp :
* Get the whatsapp group link
* screenshot of the abusive message or threat
* screenshot of the person's whatsapp profile
